WEEKLY UPDATE

1-13-2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 55 residents and 47 staff members test positive for COVID-19. The most recent positive results were identified in the past 24 hours. There are currently four (4) residents on our designated COVID Unit.

The next Walgreens COVID-19 vaccine clinic is scheduled for 1/26/2021. If you would like your family member to receive the vaccine series, please call the facility.

We are anxious to be able to welcome everyone back into the building to see their loved ones and friends! We will notify everyone as soon as we are able to start indoor visitation again!

We are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and to frequently wash their hands when they are in the facility, as well as, out in the community. We ask staff not to report to work if they have symptoms of illness. Our residents are continually monitored and staff is using proper PPE, as recommended by the CDC.

Please continue to check our website, alleganynursingandrehab.com, for weekly updates, as well as notification(s) of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility. If your loved one is displaying symptoms of COVID-19, or tests positive for COVID-19, we will notify you directly.

If you have any questions or concerns please contact us directly at 301-777-5941.

Sincerely,

Debra Buckalew RN-BC, LNHA
Administrator
